

Gloucester, Massachusetts
April 5, 1968

Congressman William H. Bates
6th District, Massachusetts
Rayburn Office Building
Washington, D. C.

Dear Congressman Bates:

I'm afraid it had to take the brutal murder of Dr. Martin Luther King to make me realize how remiss I have been in urging you to press for the passing of Civil Rights legislation pending in Congress as well as gun control legislation. Please number my wife and myself as constituents favoring both.

Also, I wish to thank you for all your efforts in obtaining information regarding Cape Ann and the Sentinel missile system.

Yours sincerely,
