Cong. W. H. Bates
Washington D. C.

Dear Sir:

I wish to register my opposition to the "Fair Housing Section" of the new Civil Rights Bill now in discussion. To me the Bill is an invasion of privacy and comes awfully close to a dictatorship. The Federal Govt. in no way should be allowed to enter this feud, this is purely a matter for the individual. The Government didn't assist in the purchase and should not enter into a sale or rental. Keep them out.

Sincerely yours

Lynn Mass
